Calvary UMC Drivers are not able to provide a ride to anyone who is not listed on this consent form. Additional forms for other families can be obtained at the church office or by going online to www.calvaryunitedmethodist.com.

Each passenger must use the proper seatbelt restraint appropriate to their age. Neither Calvary UMC nor its drivers will provide car seats or booster seats. See other side...

Children under the age of 3rd grade must be accompanied by a parent or responsible other as listed below:

Calvary UMC drivers are 21 years of age or older, have completed a Defensive Driving Course, and have passed a Safe Sanctuary background check. Drivers have been instructed to follow the passenger guidelines as stated above and will not transport any person regardless of age or circumstance that is not registered on a CUMC Transportation Consent Form.

Passengers are responsible for calling the church office by 3pm Friday for a Sunday ride and 3pm Tuesday for a Wednesday evening ride. Passenger names and pickup and drop-off times and locations will be determined when the Transportation Coordinator calls you for details.

If you have any questions regarding the Passenger Transportation Consent Form or policies, please call the Church Administrator at 232-5650.

Upon signing this Transportation Consent Form, I give my permission for the above named passengers to receive transportation from a Calvary UMC driver. I have read the policies as stated above and will not ask the driver to make exceptions to these policies. I understand that failure to abide by the policies will be grounds for losing passenger transportation privileges for myself and/or my family.

39-21-41.2. Child restraint devices

1. **If a child, under seven years of age, is present in any motor vehicle, that motor vehicle must be equipped with at least one child restraint system for each such child. However, a child under the age of seven who is at least fifty-seven inches [1.45 meters] tall and who weighs at least eighty pounds [36.28 kilograms] is not required to use a child restraint system.** The child restraint system must meet the standards adopted by the United States department of transportation for those systems [49 CFR 571.213]. While the motor vehicle is in motion, each such child must be properly secured in the child restraint system in accordance with the manufacturer's instructions. A child weighing more than forty pounds [18.14 kilograms] may be restrained by a lap belt if the vehicle is not equipped with lap and shoulder belts or if all lap and shoulder belts are in use by other occupants. **While the motor vehicle is moving, each child of seven through seventeen years of age who is in the motor vehicle must be in an approved child restraint system in accordance with the manufacturer's instructions or correctly buckled in a seatbelt.** Use of child restraint systems and seatbelts is not required in motor vehicles that were not equipped with seatbelts when manufactured. If a child is being transported in an emergency situation, this section does not apply.
